Muslim Jinn

(Analytical, Documentary Study)

Abstract: This paper discusses several issues related to the jinn especially Muslim jinn. Some of these issues are: converting some jinn to Islam, the number of their meetings with Prophet Mohammed peace be up on him, reciting Quran verses to them by Prophet Mohammed, informing them that they are required to follow the Islamic bases, and telling them about their food and the food of their animals. The research also questions the story of Abdullah Ibn Masoud witnessing to the Night of Jinn along with other important related issues.

The diagram illustrates the relationship between the number of nodes (n) and the number of edges (m) in a graph. The regions are defined by the following conditions:

- (1) $m > n$
- (2) $m = n$
- (3) $m < n$
- (4) $m > n$
- (5) $m = n$
- (6) $m < n$
- (7) $m > n$
- (8) $m = n$
- (9) $m < n$
